COURSE OUTLINE

DESCRIPTION

This training program is designed to equip participants with the knowledge and skills needed to conduct internal audits for Adventure Tourism Safety Management Systems (ATSMS) in accordance with ISO 21101:2014 standards. The course covers the principles of safety management, auditing techniques, and practical applications within the adventure tourism activities. Participants will learn how to plan, execute, and report on internal audits, ensuring that their organization's ATSMS is both effective and compliant with ISO 21101:2014.

OBJECTIVES

- Gain in-depth knowledge of the requirements and principles of ISO 21101:2014 for Adventure Tourism Safety Management Systems.
- Learn the essential skills for planning, conducting, and reporting internal audits based on ISO 21101:2014.
- Develop the ability to assess conformance, recommend corrective actions, and contribute to the overall safety culture within the organization.

TOPICS

- Introduction to Adventure Tourism Safety Management Systems
- Introduction to Internal Audits
- Audit Planning and Preparation
- Conducting the Audit
- Reporting and Follow-Up
- Corrective Actions
- Continuous Improvement and Best Practices
- Practical Audit Exercise

ASSESSMENT

Participants will be evaluated through attendance, punctuality, group activities, and a final assessment to ensure comprehension of key concepts and proficiency in internal auditing techniques. Successful completion of the training program will be accompanied by a Certificate of Achievement.
