

ISO 14001:2015

ENVIRONMENTAL MANAGEMENT SYSTEMS

Course Description:

This one-day training program is designed to provide participants with a comprehensive understanding of ISO 14001, the international standard for environmental management systems. The course will cover the fundamental concepts, principles, and requirements of ISO 14001, enabling participants to gain awareness of environmental management best practices.

Benefits:

- **Environmental Compliance:** Understand the key elements of ISO 14001 to ensure compliance with environmental regulations and legal requirements.
- **Organizational Sustainability:** Learn how implementing ISO 14001 can contribute to the sustainability and long-term success of your organization.
- **Risk Management:** Gain insights into identifying and managing environmental risks, preventing incidents, and improving overall environmental performance.
- **Market Competitiveness:** Enhance your organization's competitiveness by aligning with globally recognized environmental standards, meeting customer expectations, and accessing new markets.

WHAT WILL YOU LEARN:

- Overview of the standard, its purpose, and its relevance to organizations.
- Exploration of the standard's clauses, including context, leadership, planning, support, operation, performance evaluation, and improvement.
- Discussion of common challenges and effective strategies for overcoming them during the implementation process.

UPON COMPLETION, YOU WILL BE ABLE TO:

Grasp the structure, requirements, and key concepts of the ISO 14001 standard.

Comprehend the principles of environmental management and their application within the organizational context.

Understand the concept of continuous improvement in environmental performance and how to implement it within your organization.

WHO SHOULD ATTEND:

- Environmental Managers and Coordinators
- Quality and Environmental Management System Representatives
- Health, Safety, and Environment (HSE) Professionals
- Sustainability Managers
- Anyone involved in or responsible for implementing ISO 14001 within their organization.

CERTIFICATION:

Participants who successfully complete the course Certificate of Attendance.

COURSE FEE INCLUDES:

- Certificate of Attendance
- Training materials

REGISTRATION:

RM 378.00
