

INTEGRATED MANAGEMENT SYSTEMS (EXEMPLAR GLOBAL CERTIFIED)

ISO 9001:2015 QUALITY MANAGEMENT SYSTEMS (QMS)

ISO 14001:2015 ENVIRONMENTAL MANAGEMENT SYSTEMS (EMS)

ISO 45001:2018 OCCUPATIONAL HEALTH AND SAFETY MANAGEMENT SYSTEMS (OHSMS)

Course Description:

This course provides participants with foundational knowledge of Integrated Management Systems (IMS) that combine the principles of ISO 9001:2015 for Quality Management, ISO 14001:2015 for Environmental Management, and ISO 45001:2018 for Occupational Health and Safety Management. By understanding the structure, requirements, and benefits of these standards, participants will gain insights into how IMS can improve organizational efficiency, compliance, and stakeholder satisfaction.

Benefits:

- **Holistic Understanding:** Learn how to integrate quality, environmental, and occupational health and safety systems to enhance organizational performance.
- **Compliance Readiness:** Understand key requirements to maintain conformity with international standards and regulations.
- **Improved Efficiency:** Discover how IMS can streamline processes and reduce duplication of efforts.
- **Enhanced Risk Management:** Gain insights into identifying, managing, and mitigating risks across quality, environmental, and safety domains.
- **Competitive Advantage:** Equip your organization with tools to improve reputation and foster customer and stakeholder confidence.

WHAT WILL YOU LEARN:

- Introduction to IMS and ISO Standards
- Key Components of Each Standard
- Integration of Management Systems
- Risk-Based Thinking and Continuous Improvement
- Implementation Strategies and Challenges

UPON COMPLETION, YOU WILL BE ABLE TO:

Understand the principles and key requirements of ISO 9001:2015, ISO 14001:2015, and ISO 45001:2018.

Recognize the interrelationships between quality, environmental, and occupational health and safety management systems.

Identify the steps to implement or maintain an Integrated Management System in alignment with ISO standards.

WHO SHOULD ATTEND:

- Quality, Environmental, and Health & Safety Managers
- Management Representatives and IMS Coordinators
- Internal Auditors and Consultants
- Employees involved in ISO management systems implementation or maintenance
- Anyone seeking an overview of IMS

CERTIFICATION:

Participants who successfully complete the course Certificate of Attendance.

COURSE FEE INCLUDES:

- Certificate of Attendance
- Training materials

REGISTRATION:

RM 864.00

*Contact us for Inhouse Training quotation.

COURSE OUTLINE

DESCRIPTION

ISO 45001:2018, OH&S management system provide a framework for managing OH&S risks and opportunities. The aim and intended outcomes of the OH&S management system are to prevent workrelated injury and ill health to workers and to provide safe and healthy workplaces; consequently, it is critically important for the organization to eliminate hazards and minimize OH&S risks by taking effective preventive and protective measures.

While ISO 14001:2015 provide organizations with a framework to protect the environment and respond to changing environmental conditions in balance with socio-economic needs. It specifies requirements that enable an organization to achieve the intended outcomes it sets for its environmental management system.

ISO 9001:2015 promotes the adoption of a process approach when developing, implementing and improving the effectiveness of a quality management system, to enhance customer satisfaction by meeting customer requirements. Specific requirements considered essential to the adoption of a process approach are included.

An Integrated Management System(IMS) combines all aspects of an organisation's systems, processes and Standards into one smart system.

OBJECTIVES

- To inculcate awareness on the Integrated Management System standard
- To give an understanding on Integrated Management System framework
- To understand the key benefits of Integrated Management System

TOPICS

- Introduction to ISO 45001, ISO 14001 & ISO 9001 Management System
- Benefit of Integrated Management System
- High Level Structure in Integrated Management System
- Summary of the course
